Operating Sys: Linux (Ubuntu, Centos),  
Scripting: Bash, Python (basics)  
CI/CD : Jenkins CI/CD Pipelines,

---

## PROJECTS

### CI/CD Deployment of Node.js App using Jenkins & Docker

07/2025

- Created and configured an WSL and installed Jenkins.
  - Set up a Jenkins pipeline to pull code from GitHub, build a Docker image, and deploy a Node.js app.
  - Dockerized the application using a Dockerfile, exposed containerized service on WSL public IP.
  - Automated full build-test-deploy cycle using Jenkins webhook triggers.
- 

## EDUCATION

Bachelor of Vocation (B.Voc) in Software Development (CGPA: 7.25)

11/2021 - 08/2025

Marathwada Institute of Technology, Aurangabad

HSC - Maharashtra State Board (85.5%)

08/2020 - 02/2021

ankushrao tope college jalna
